

## OPC UA System Course (IK-OPCSYS)

---

### Short Description

---

This training offers you a detailed introduction into the basic concepts of the OPC UA system and its interfaces. You will learn the terminology behind the abstract model and test and deepen your understanding of it with several OPC UA capable components. You will learn about the most important OPC UA servers and clients in the SIMATIC product portfolio and will configure and program them in practical exercises. A continuous exercise concept will lead you gradually to a communication model that is solely based on OPC UA communication.

### Objectives

---

At the end of this training you will be familiar with the basics, the terminology and the data models of OPC UA in the automation environment. You will understand the interaction of its components and be able to configure the most important OPC UA servers and clients of the SIMATIC product portfolio.

### Target Group

---

Automation engineers  
Programmers  
Commissioning engineers

### Content

---

Introduction to OPC  
Infrastructure of OPC UA  
Security of OPC UA  
Information model, data access types and profiles of OPC UA  
SIMATIC controllers as OPC UA servers and clients:

- Configuring the OPC UA server
- Programming OPC UA methods
- Programming an OPC UA client

OPC UA Companion Specifications and modeling the server interface with SiOME  
SIMATIC HMI products as OPC UA servers and clients

- SIMATIC HMI Comfort/Mobile Panel
- SIMATIC WinCC Runtime Advanced
- SIMATIC WinCC Runtime Professional

OPC UA gateways

- SIMATIC NET OPC Server
- SIMATIC CloudConnect 7

SIMATIC Ident RF600 Reader as OPC UA server  
Integration of 3rd Party OPC UA servers using a 2D code reader  
Standard OPC UA clients (UaExpert, OPC Scout)  
Performance of OPC UA connections  
Diagnostics and debugging of OPC UA components  
Migration from OPC Classic to OPC UA

### Prerequisites

---

Basic knowledge of network engineering  
Knowledge according to TIA-PRO2  
Basic knowledge of SCL

As a part of your course booking you will receive free trial access to the digital learning platform: => [Access to SITRAIN access](#)  
You have access to over 200 web-based training courses 7 days before the start of the course. The test period ends automatically 14 days after the end of the course.

Here you will find web-based trainings on [SIMATIC OPC UA](#) as well as other topics such as SIMATIC Automation Systems and many more. With the Learning Membership, you can deepen or repeat the content of this learning event as well as continue your education on other interesting topics.

### Type

---

Face-to-face training

### Duration

---

4 days

### Language

---

nl
