SIEMENS

SINAMICS S120 Service and Commissioning Advanced Course – servo control with Starter / SINAMICS S120 服务与调试高级课程-伺服控制(基于Starter)(D7226)

Objectives

This course provides many advanced function. It includes basic positioner, Drive Control Chart DCC function, Programming scripts, network connect of SINAMICS link and advanced dynamic optimization function. Focus on message structure of basic positioned, configuration with FB283 function block in PLC. Focus on configuration and optimization of DCC.

Target Group

Programming engineer, Commissioning engineer, Project design engineer, Service personnel, Maintenance personnel

Content

- Basic position-loop commissioning
- Basic position-loop FB283 configuration
- Basic position-loop operation mode
- DCC configuration
- Programming scripts
- SINAMICS LINK
- Using BODE to optimize system

Prerequisites

Good knowledge of alternating-current motor, digital drive device and control technology ，Complete D7212 course.

Type

Face-to-face training

Duration

5 days

Language

en, zh

Fee

6,800 CNY
