

Advanced Electronic Commissioning (Online Training) (SC-WT-AEC)

Short Description

Description: The participants receive additional knowledge about advanced commissioning of a scale with SIWAREX WP modules. The focus is on the SIWAREX WP231 and WP321 electronic modules. The SIWATOOL parameterization software is an important part of the course. Basic knowledge of SIWATOOL and scale adjustment are not part of the course

Target Group

- Technical Support
- Maintenance personnel
- Employees planning & designing scales
- Operators
- Siemens employees in sales and planning

Content

- Combined practical and theoretical training for the extended adjustment of an electromechanical scale with the SIWAREX WP modules WP231 and WP321
- Zeroing, taring, standstill, filter settings, creating a backup file, scale status, STEP7 programming in TIA Portal
- Online access to SIWAREX training devices for hands-on exercises

Prerequisites

- Basic knowledge in Weighing Technology
- Experience with electro-mechanical scales handling is beneficial
- It is required to attend the online training course "Basics Electrical Commissioning"
- Computer with Microsoft Teams and TeamViewer
- Second screen is advantageous

Type

Online-Training

Duration

3 hours
