

Prozessgaschromatograph MAXUM edition II Ventillose Säulenschaltung (SC-C-LIVE)

Short Description

Handling of Back-T and Live-T Applikations

Objectives

Maxum edition II valveless columns switching
Pressure and flow
Adjustment of Back-T Switching
Adjustment of LIVE Switching

Target Group

- Service personnel
- Commissioning engineers
- Configuring engineers
- Operators
- Users

Content

- Technology and use of valveless column switching for capillary columns for Maxum edition II
- Adjustment of Back-T Switching
- Adjustment of LIVE Switching
- Columns, Restrictors, replace Live-T-piece
- Failure diagnosis and correction
- Extending the knowledge of the
- Siemens chromatography technology
- Extensive hands-on

Prerequisites

Attendance at training SC-C-MAX1

Type

Face-to-face training

Duration

3 days

Language

de
