

## Protection systems in low-voltage power distribution (WT-LVAPS)

---

### Short Description

---

The WBT imparts deeper knowledge about protection systems in low-voltage power distribution and provides some general information.

### Objectives

---

The learned contents of this WBT serve as a basis for further WBTs and trainings.

### Target Group

---

- Sales employees
- Project planners
- Operating & service personnel

### Content

---

- Introduction to network protection
- Causes: Overload and short circuit
- Tasks: Overload and short-circuit protection
- Selectivity

### Note

---

Please use Google Chrome for optimum usage.

### Type

---

E-Learning

### Duration

---

30 minutes

### Language

---
