

## Solution Partner Factory Automation workshop (SOPWS)

---

### Short Description

---

Solution partner Factory Automation workshop. The SOP recertification is held once in every two years as a part of the Siemens solution partner program.

### Objectives

---

In order to pass the certification program, at least two person from each partner company must succeeded the certification test. This workshop is held to give you latest information about Siemens products and solutions and the test is done at the end of the workshop. Please notice that even though attending into this workshop will help you with the test, the workshop is not designed to help you pass the test. We expect every participant to practice beforehand for instance with material from FA Partner Academy and Siemens Learning Program for Partners (SILPP) to be ready for the test questions. This material can be found at the address <https://partnerportal-industry.extranet.dc.siemens.com/en/solution-partner/siemens-solution-partner-portal>
