

ST-PCS7APL – APL library / Курс ST-PCS7APL – В данном курсе в компактной форме рассказывается о библиотеке APL. (ST-PCS7APL)

Short Description

You will get an overview about the main features of the Advanced Process Library (APL) in comparison to the previous SIMATIC PCS 7 Standard Library. As SIMATIC PCS 7 Engineer you will learn how to use the new Advanced Process Library of SIMATIC PCS 7 V7.1 and thereby you will get to know the benefits of this new library. With the help of numerous practical exercises you will learn to solve basic tasks of automation using the new library.

Target Group

Programmers
