

Modbus Integration to Desigo PX, via PX-Open and TX-Open (BT-MOD)

Short Description

Engineering Course covering the integration of Modbus-based systems and devices into the Desigo system, via both PX Open and TX Open. The course covers generic Modbus technology, commissioning tools and PX Open/TX Open hardware.

Prerequisites

Participants should have licensed versions of Modsim and Modscan installed on their laptops and a suitable USB or RS232/485 converter. Desigo PX Engineering Course.
