## Consent for the storage and use of your personal data

---

Your registration for the certification test signals that you authorize Siemens AG to store and process your personal data for the Siemens Low Voltage Certification Program. Siemens AG is also authorized to store and analyze your test results.

Siemens AG is additionally authorized to store your personal data for the registration of your certification and your test result and to provide Siemens customers with information about your certification and its validity period. You additionally consent to Siemens AG passing your personal data for the registration of your certification and your test result to Group companies and you hereby likewise authorize the Group companies to provide information about the certification to Siemens customers.

You additionally consent to Siemens AG and/or its Group companies communicating your aforementioned data to other certificate-holders to enable the exchange of information between you and other certificate-holders.

You also permit Siemens AG and its Group companies to contact you in connection with the Certification Program and to provide you with information about the products of the Siemens Group that are of relevance for the Siemens Low Voltage Certification Program.

## Revoking your data protection statement

You may withdraw the consent granted above at any time with effect for the future. You also have the right to request information about data stored that relates to your person. If you wish to withdraw your consent as described, please notify Siemens AG accordingly at

[tc-regensburg.de@siemens.com](mailto:tc-regensburg.de@siemens.com)

If you withdraw your consent for the storage of your personal data, Siemens AG may announce the revocation of the certificates issued to you in accordance with clause 12 of the test registration conditions. Revocation on these grounds triggers the legal consequences defined in the test registration conditions.
