

SINUMERIK ONE Service (NC-ONE-SERV)

简要介绍

This course teaches you how to maintain and service a SINUMERIK ONE with operator interface SINUMERIK Operate

培训目的

This course teaches you how to maintain and service a SINUMERIK ONE with the SINUMERIK Operate user interface. Training equipment is used for service exercises and troubleshooting.
On completion of the course , you will have the knowledge and abilities necessary for handling ongoing service and maintenance work on machine tools with SINUMERIK ONE and SINAMICS S120 and to carry out secondary commissioning.
In the event of a fault, you will be able to search for and correct errors in a targeted manner. In this way, you help to keep downtimes as low as possible and to achieve higher productivity.
NC-NCAN course participants are advised to attend this course only after a period of gaining practical experience of 2 to 4 months.

培训对象

Service personnel
Maintenance personnel
